

Critical Information Summary nbn™ Home Superfast Promo - Flexi Plan

Information about the Service

This service is a residential internet service over the nbn™ and is available exclusively to new MyRepublic customers with a residential address that has not been connected to MyRepublic previously.

The service comes with Unlimited Data and has the following optional add-ons:

- Home Phone using Voice over Internet Protocol (“VoIP”) that allows you to make and receive calls using an internet connection.
- Static IP for an extra \$8 per month.
- Gamer Pro which includes Static IP for an extra \$10 per month.

Plan Name	nbn™ Home Superfast Promo - Flexi
Minimum monthly charge	\$89.00 per month for the first 6 months, then \$99.00 per month ongoing
Minimum service term	Month-to-Month
Data Allowance^	Unlimited
Speed	Home Superfast (nbn™ 250/25Mbps)
Typical Evening Speed (7-11PM)*	200Mbps
Postage and Handling (P&H)	\$10.00
TP-Link VR1600v over 24 months	\$5 per month for 24 months
TP-Link VR1600v outright purchase price	\$149.00
Minimum cost over term with BYO modem	\$89.00
Minimum cost over term with TP-Link VR1600v over 24 months	\$209.00 (no P&H fee)
Minimum cost over term with TP-Link VR1600v outright purchase price	\$248.00
Maximum Early Termination Fee	As this is a month-to-month plan there is no Early Termination Fee associated with the nbn™ broadband subscription.
	However, If you choose to purchase a modem using the \$5 monthly instalments over a 24-month period option and you cancel your nbn™ broadband subscription before the end of the 24-month modem payment period, you will need to payout the remaining cost of your modem. The payout amount is \$5 multiplied by the number of months remaining in the 24-month period e.g. if you leave after 16 months you would pay \$5 x 8 (which is the number of months remaining), for a total of \$40. The payout amount will be applied to your next invoice.

* nbn™ Speeds: Actual speeds may vary due to various factors. The Typical Evening Speed values for the Home Superfast plan is based on our own internal testing conducted in November 2020. They are not based on the speeds observed for a representative sample for this plan. These values will be updated once more information becomes available. [^Acceptable Use Policy](#) applies.

Bundling requirements: MyRepublic does not require that you bundle this service with any other service.

Mandatory Components: You must purchase an nbn™ service to be eligible for this service. The price of the nbn™ service is included in the monthly charge payable.

Important Conditions

Equipment: You have the option to purchase a modem from MyRepublic or bring your own device (BYO). If you purchase a modem, prices are set out in the table on page 1. If you BYO, it must be nbn™ and VoIP compatible (if home phone is selected).

Before you select to BYO please make sure you understand and accept the [BYO modem requirements](#). We will assist you to the best of our ability to get your BYO modem connected or refer you back to your manufacturer. MyRepublic is not responsible for any BYO modem that does not work on our network. We recommend you purchase a MyRepublic modem which has been optimised to perform with our network. If your BYO device is not compatible you can purchase a modem from MyRepublic or if you wish to cancel your service, you may be liable for payment of applicable monthly charges, other charges for services used, and an early termination fee.

If you choose to purchase a modem using the \$5 monthly instalments over a 24-month period option and you cancel your nbn™ broadband subscription before it is activated you will need to return the modem to MyRepublic in its original condition and packaging in accordance with our return instruction. If you fail to return the modem within 30 days from the cancellation date, we will charge the cost of the modem to you.

Limitations & qualifications: This service is available to residential users, is a residential grade service & may not be available in all areas or premises. There may be technical or commercial reasons that affect our ability to connect a service at your address. You will not be able to dial Satellite or Premium rate destinations (including but not limited to Immarsat, Thurya or Iridium numbers).

Priority Assistance: MyRepublic does not offer Priority Assistance. This service, including '000' dialling and other emergency numbers will not function in the event of a power failure or disruption or an Internet outage. This service is not suitable if you are a customer with a serious illness or life threatening condition, if you require disability services, if you have a back-to-base home alarm system or if you require an uninterrupted phone line. Telstra can provide this service.

Critical Information Summary

nbn™ Home Superfast Promo - Flexi Plan

VoIP numbering: You can select to transfer your phone number to MyRepublic (a porting charge of \$25 is applicable or we can provide you with a phone number which will be allocated from the number range of your closest capital city (which will be an “out of area number” if you are not located in that city, and you may not be able to port the number to another provider. If you have an out of area number, calls to and from that number will be charged as if you are located in the standard zone unit (calling area) for the number.

Installation: You may require an nbn™ technician appointment to have your service installed. You must obtain permission from the owner of the property (if this is not you) and someone over the age of 18 needs to be in attendance. We do not offer professional installation or in-home wiring.

Connection fee: MyRepublic does not charge a service connection fee for customers who are transferring a service or activating a new service. If you are in a new development area and not already connected to the nbn™, a \$300 New Development Charge may also be applied by nbn™ and on-charged by MyRepublic.

Broadband line speed: For information on nbn™ speeds, please refer to our [nbn™ Key Fact Sheet](#) and further information is available on our [nbn™ Speeds Explained](#) page.
