

Product Summary – Fibre Home Phone

Information About the Service

Fibre Home Phone is an add-on sold on residential broadband plans.

The home phone service is provided using Voice over Internet Protocol (“VoIP”) phone service that allows you to make and receive calls using a broadband connection. This is provisioned to the Fibre equipment provided upon installation (ONT) and can be integrated into your home wiring upon request.

There is a limit of one MyRepublic home phone service per household.

This is available on

- MyRepublic Fibre
- MyRepublic Fibre with Fibre Pro Speedboost

Features

MyRepublic Home Phone package includes

- 500 minutes to NZ landlines
- Voicemail
- Caller ID
- Call waiting
- Call diversion

Limitations & qualifications

This service, including ‘111’ dialling, will not function in the event of a power failure or disruption or an Internet outage.

If there is an interruption to the power supply, this service, including ‘111’ dialling will not function until power is restored.

This service is not suitable if you are a customer with a serious illness or life threatening condition, if you require disability services, if you have a PSTN back-to-base home alarm system or if you require an uninterrupted phone line.

Pricing

Standard price for a Home Phone is \$10 per month, this can vary based on promotions

For international calling rates please refer to myrepublic.net/nz/

Bundling requirements

Home Phone can be purchased as an add-on to the above residential broadband products, or as part of a bundle.

Terms relating to promotions including this add-on within a bundle can be found in the offer summary for that promotion
